I. Call to Order

Chairman Mr. Dennis Grangolati called the Regular Meeting to Order at 6:00 p.m. held at the Media Center Library at the Windsor Locks High School and also via Zoom Meeting and live stream.

A. Roll Call for Quorum

All Board Members present.

All stood up and pledged allegiance to the flag.

C. Student Representative Report

Mr. Caden Mackey, Student Representative, addressed the Board. He congratulated both girls' and boys' basketball teams with their strong start to the season. The boys' team is 9-0. A big game against Suffield is scheduled for Friday night. As this is the first meeting of the year, he wished everyone a Happy New Year!

D. Board of Education and Superintendent Comments

Mr. Parkhurst, Superintendent of Schools, addressed the Board. He echoed Caden's comments about the basketball teams and encouraged everyone to go to a game and support the teams. He thanked parents and

guardians who attended the Parent Advisory Meeting hosted by the middle school. There were a few new faces at the meeting. He and his teams have been working hard on the budget and he thanked his team for all of their hard work over the past few months working on a budget. Lastly, he discussed the most recent site visit by the representatives from the Alliance Grant. They visited the middle school and North Street School and saw the return on their investment. Those visiting were very impressed with what they saw.

II. Public Audence (only on Agenda Items)

Ms. Robin Niemitz of 1639 King Street, Enfield, Connecticut. She is an instructional specialist at South Street School. She wanted to address staffing. Fewer kids in an elementary classroom, the student's needs can be addressed due to the current academic demands. Everyday assessment data has to be analyzed and reviewed for the needs of the children. Academic, behavioral and social/emotional support has to be scheduled to help and support the student, either Tier I or Tier II support. If the classroom has more children, more families need services but there will not be enough staff to help those children. The staff will always do what is best for the students and try to meet all their needs, but if there is an increase in the classroom some of the needs will not be able to be met. It is the job of the Board of Education moral not just fiscal. Eliminating resources and cutting teachers, will affect the students. How much more before someone says enough, seeing the whole picture down the road.

III. Approval of Minutes

December 8, 2022 Regular Meeting Minutes

It was **MOVED** (Christianson) and **SECONDED** (Tria) and **PASSED** (U) that the Board of Education approves the December 8, 2022 Regular Meeting Minutes, as presented.

January 5, 2023 Special Meeting Minutes

Vice-Chair Ms. Christianson requested to amend the minutes of January 5, 2023 in Section III. Public Audience, as follows:

"She is an interventionalist at South ..."

to

"She is an instructional specialist at South..."

AND

"She explained her busy day with her job as being an interventionist and how challenging it can be with different levels of intervention for each of the students."

to

"She explained that it is already challenging with the interventionists we have to fully meet the needs of our students who receive tier 2 and tier 3 support. Some tier 3 groups are already over the 1:3 ratio that is recommended. Reducing interventionists will negatively impact our most struggling students."

It was **MOVED** (Christianson) and **SECONDED** (Tria) and **PASSED** (3-1)(In Favor: K. Christianson, J. Tria, J. McGowan; Opposed: M. Byrne) that the Board of Education amend the Minutes of January 5, 2023.

VII. Business Office Report

Ms. Alison Pierce, Business Manager, addressed the Board. She gave the Board an update on expenditures as of December 31, 2022 which is \$13,743,367 or approximately 42.73% of the budget. She noted that her department will be reviewing the general fund and has asked all of the leadership team to review what funds that are encumbered. In the first few weeks in February, all accounts will be reviewed and analyzed to make sure there will be enough funds to cover all salary and contractual obligations.

She discussed the budget preparations for FY2023-2024. After the January 5, 2023 meeting, they have been working line by line making sure any cuts that are make will affect the children the least. She spoke about the transportation and Bus 8 which is back into service. It was not running due to lace of drivers. She also discussed bus safety. She has been contacted that cars are passing busses while children are getting on and off the busses, including parents and staff. Ms. Pierce reached out to Smyth Bus and drivers were asked about safety issues. All drivers have indicated very often that cars are not stopping for children, mostly during the morning runs. She named the streets/stops where most of the violations are occurring in town. At North Street School and South Elementary School, parents and staff have been known to pass busses. South Elementary School hosts Park and Recreational after school programing and some of the Park and Recreational employees haven seen passing busses in the parking lot. Safety is a high priority, and she will be sending a final report to the Windsor Locks Police Department and the First Selectman's office and asking for more patrols during those hours.

A brief discussion was held.

Ms. Pierce gave the Board an update on the middle school windows and the high school bleachers, which have been delivered and ready for install.

It was **MOVED** (Byrne) and **SECONDED** (Christianson) and **PASSED** (U) that the Board of Education add an Agenda Item to Section VII. Business Office Report, Completion of the South Elementary School Partial Roof Project.

Completion of the South Elementary School Partial Roof Project

Ms. Pierce noted that pursuant to the State guidelines, the Board needs to accept the South Elementary School Roof Project as completed.

It was **MOVED** (Byrne) and **SECONDED** (Tria) and **PASSED** (U) that the Board of Education accepts State Project No.: 165-0083RR, for the South Elementary School Partial Roof Replacement project as complete.

Ms. Pierce discussed the HVAC upgrade possibilities. She informed the Board the district was not awarded the grant for the HVAC but there might be an alternative. A joint venture with Resource Lighting and Eversource, the district can fund upgrades through this program and the district can pay as it goes when it comes to

upgrades for air conditioning buildings. A representative from Eversource was on the Zoom Meeting if the Board Members had any questions.

A brief discussion was held. It was the consensus to bring this back to the Board at a future meeting.

VIII. FY 23-24 Budget Discussion and Workshop

Mr. Parkhurst introduced Ms. Alison Pierce, Business Manager who assisted him in the presentation. He noted in the Board packets and available to audience members. He noted that there were additional sheets in the Board packets. He said Page 25 is a white piece of paper which gave an overview of the entire district and a column was added fixed costs/contractual obligations. Page 26 through Page 36 are breakdowns of the budget and on the upper right corner notes the budget section breakdowns, for example district was pink, pupil services yellow, SISU green, and so forth. He noted the budget is due to the Town on February 1, 2023 and the Board of Finance presentation is scheduled for February 15, 2023. He ran through his presentation again, using a PowerPoint presentation first two slides described what the responsibilities of the Board of Education according to Connecticut General Statues Section 10-220 Duties of Boards of Education and what responsibilities are of the Superintendent of Schools, which included providing adequate instruction, equitable allocation of resources, proper maintenance of facilities and safe setting. The Superintendent is to collaborate with district leaders to propose a fiscally responsible budget, ensure equitable and developmentally appropriate educational experiences between schools, fulfil statutory obligations and to advance the Board of Education goals. He added a slide discussing building level leader's responsibilities which noted to collaborate with entire leadership team and staff to design a fiscally responsible budget; ensure programs and positions support the development of students academically and social emotionally; allow for advancement of the Board's goals; and recommend areas for reductions. He discussed the district goals and the budget process. The next slide discussed the cycle of underfunding education. The slide described low student achievement, staffing issues, increased class size, unwanted behaviors and students looking for programs elsewhere. He brought up the funding cliff the district is facing due to the years of underfunding the budget and using grant monies for funding operational budgets over the past few years. Another slide was added, which showed actions taken at the January 5, 2023 Board Meeting. It should the revisions the Board made and requested to reinstate two elementary interventionists, one special education teacher, partnerships and consultancies support, high school show choir, middle school show choir, and professional development for ABA, PMA and SISU and to reduce one custodian for special services. The total revisions is \$234,489. The next two slides, continued discussing the Board's action from the January 5, 2023 Board Meeting, which discussed the reductions and reinstatements which were made, which are: IEP, SISU, PMA Coordinator stipend, one special education teacher, one special education tutor, restructuring SISU Academy, virtual high school courses, instructional supplies, volleyball at the high school, freshmen boys' basketball,

math team, Veteran's Memorial Park fees, limited custodial overtime, reduction of seasonal housekeepers, reduction of five days for instructional specialist stipends for middle and high schools, reduction of ten days for instruction stipends elementary schools, director of curriculum, two elementary teachers, condense summer school to one building and one high school teacher. Those to remain in the budget was one assistant superintendent, one coordinator of alternative programming and services, three additional school resource offers and one part-time clerical aide for facilities manager. A total reduction of \$207,501.33. The next three slides discussed WLPS grants. The first slide discussing grants showed the ESSER II and ESSER III grant funds that were used for the operating budget for FY 2022-2023 and will have to be put back to the operating budget for FY 2023-2024 in the amount of \$1,859,564. The second and third slide showed all other grants and what those grants are used for in the budget. Total grant funding is \$3,787,619. The next added slide showed the figures from the recommended budget on January 5, 2023, the additions/reductions made by the Board at the January 5, 2023 meeting, adjustment of teacher salary and a total reviewed budget of \$35,771,858 plus grant funding of \$3,787,619, equals a total operating costs for FY 23-24 \$39,559,477. The next slide discussed the district salary obligations. They discussed the slide which discussed the snapshot of all contractual obligations and fixed costs. Contractual obligations were discussed as police services, sports insurance, dues and fees, sports/activities transportation, tuitions, legal, audit, financial systems, postage machines, copies, HR operations, IEP requirements, technology (hardware and software), printers, transportation, maintenance contracts, and insurance.

A lengthy discussion was held.

IX. Public Audience (Only on Agenda Items) in Accordance with BOE Policy 9020

Ms. Devin addressed the Board. She had questions for the Board. She was reminded by Mr. Parkhurst that public audience is not a question-and-answer session, just comments to the Board. She questioned the AARP COVID funds, if there was any money left from those grants. She questioned why an Assistant Superintendent is needed, what is the responsibilities of the Assistant Superintendent? As a parent, she is concerned that no educational field trips since COVID have happened at the middle school. She wonders if Hershey Park field trip will happen at the middle school or other field trips. As feedback, she has one child graduating and one in middle school and they are seriously looking into moving her middle schooler out of the district. She also commented about the SROs, asking why the district is waiting for next year for SROs, they should be in all the schools now.

Mr. Norman Boucher, Chairman of the Board of Finance addressed the Board. He first discussed his analysis of the cost to educate a student in Windsor Locks, which is \$25,000 per student. The median income of Windsor Locks is \$72,000 per year. This cost base analysis needs to be looked at. He asked Mr. Parkhurst

about Choice reimbursement. He spoke about buying out teachers' contracts that have been teaching 27 years. He noted that as teachers get older, they are not ready to run a marathon every day, not like people in the 30s and 40s. Teachers who have been teaching 25-27 years should be looked at to see if they would accept buyouts of their contracts. Younger teachers were bought into districts up in Massachusetts and now those schools are no longer Alliance schools and are doing much better. He suggested that Mr. Weigert can save money in the maintenance department with the cost of shoveling snow and cutting grass. He suggested that district cannot continue teaching they way they have been teaching, it has to be changed to make it better. He noted that two directors were hired for lining up the curriculum. Are teachers being held accountable and taken to the wood shed for what they are doing? He suggested possibly closing a school. He noted in 1975, the high school alone had 1,200 students in that school, currently there are the same number of students throughout the district. He also questioned about college graduates and how many of those who leave the high school, attend college and graduate.

Ms. Kristen Krupa, 262 Elm Street, addressed the Board. She is a parent of a fourth grader and a tenth grader, and a Director of Curriculum for the district. As a parent, teachers in the district have years of experience, are excited and passionate about teaching. It is a terrible that teachers are not supported by the town. The children of the town are a layer in this community. Teachers stay in the district because they care about the kids.

Ms. Nicole Saavadra, 34 Acorn Drive, addressed the Board. She noted that teachers cannot run the marathon if they don't have the money, they need to run the marathon. She suggested that Board of Finance Members come to the schools and walk around and see what goes on during a school day.

Ms. Lauren Daley, 29 Cypress Road, addressed the Board. She has a daughter in school. All teachers are passionate about teaching. After the past few years with COVID, kids are paying for those three years, in academics and social/emotional issues. This is the first year the children are all back to normal, in school full time. We need to support and the teachers need the resources to get the children back on track.

Ms. Robin Niemitz of 1639 King Street, Enfield addressed the Board. She understands that the Board of Finance has their role. The Board of Finance Board Members don't teach and have no idea the challenges for teachers. She invited the Board Members to the schools for a day and see for themselves. The Board of Finance should worry about the money and not the children.

It was asked if any Zoom participants wanted to speak during public audience. No one responded.

X. FY 23-24 Budget

It was **MOVED** (Byrne) and **SECONDED** (Tria) and **PASSED** (U) that the Board of Education accepts the Superintendent's Proposed Budget for FY 2023-2024 in the amount of \$35,772,858.

XI. Board and Superintendent Comments

Ms. Christianson thanked everyone who spoke during the public audience portion of the meeting.

Mr. Tria addressed Mr. Boucher. He went to this school too and he had a teacher Mrs. Smith that his mother had, it was her last class before she retired. No one messed around back then with the teachers, but it is different today. In his day, if the principal said something, you listened. If the superintendent said something, you listed. Parents and teachers are struggling today. Parents must get more involved. It is so important. He has changed his mind, feels sorry for the teachers. It is a different ballgame today. We need to put more money towards education.

Chairman Mr. Gragnolati thanked everyone for coming and encouraged everyone to be come to the Board of Finance meeting to support the budget process.

Mr. Parkhurst thanked the Board of Education for their support year after year during the budget process. He asked parents and community members to join him at the Board of Finance Meeting on February 15, 2023 for his presentation.

XII. Adjournment

It was **MOVED** (Christianson) and **SECONDED** (Tria) and **PASSED** (U) that the Board of Education adjourns the Regular Meeting of January 26, 2023 at 7:37 p.m.
